## End of the Year Travels

As 2019 came to a close, we saw an increase in our travels for meetings. We have visited churches and conferences in Maryland, Pennsylvania, New Jersey, Delaware, Virginia, West Virginia, and South Carolina. As you may remember from our last prayer letter, we are really thankful to the Lord for replacing our car with a better vehicle as our mileage ramps up.

At the beginning of December, we went to the Church Pioneering Conference in Northern NJ, just outside of New York City. It is an annual conference that raises money for church planters in the Northeast. As my turn came up, I presented our ministry of planting a deaf church in Philadelphia and it was a new concept to most of the people in the crowd. Whenever I get the chance to share God's Word, more often than not, most of the audience has never seen a deaf pastor, let alone heard of a

deaf church. The more I travel on deputation, the more it strikes me to see how prevalent this is. During the conference, a considerable sum of money was raised that is enough to be equivalent to 4% of my support for the next five years, which should be about long enough until my next furlough! This will get factored into my support in the next prayer letter as the money comes in. This certainly brings us closer to moving to the field! Praise the Lord!

*Saved in Deputation!*

In November, we visited a deaf church in South Carolina and during the invitation after I preached, two deaf souls became saved! I was very thrilled after seeing that. Again, in December I was invited to preach at my sending church, as my schedule was winding down around Christmas, and one lady became saved, whom my wife led to the Lord! Seeing those salvation decisions really reinforces our goal to set up another deaf church.

*Support Increase*

Since our last prayer letter, our support went up from 27% to 31%! Praise the Lord!

*Prayer Requests*

- For our support to increase.
- For more meetings in 2020. The beginning and the end of the year are full but Spring and Summer are still mostly unscheduled.

*Thank you!!!*
