Back on the Road!

July was quite uneventful for us we did not have any meetings during that month, but as more states were reducing their travel restrictions and more churches going back to congregating together, we doubled up our efforts to schedule new meetings. By the time we entered August, we were back on the road and had a full schedule ahead of us for the rest of the year!

In August, we traveled to churches in Maryland, Ohio and Delaware, preaching almost every Sunday. A few of those churches voted to support us on the spot!

Aiden

After being cooped up with just the two of us for several months, Aiden was quite shy with strangers again. He is relearning to warm up to new folks as we travel. By this time, Aiden already know about 30 signs in American sign language and about 5 spoken words in English. Some of his most used signs are “milk”, “outside”, “walk”, “water”, “please”, “dad”, “penguin”, “down”, and “eat”. One of our biggest priorities is to teach him sign language so he can easily communicate with me. It’s great to watch him progressing and growing!

New Website!

As some of you might already know, we also took advantage of this time staying at home in July to develop a website for our missions work. You can visit us at www.dundonfamily.org to keep up to date on what we’re doing. On it are our information packet for pastors, all of our prayer letters and all of my sermons that have been recorded online at various churches during deputation. Of course, each one of those videos is accessible for both the deaf and hearing since you can see me preaching in American Sign Language and hear my wife translating into English. We also can receive support and new subscriptions to our prayer letter through the website too. For hosting and designing the website, we hired www.BaptistTechnologies.com, they did a phenomenal job and I would highly recommend them. They also will take care of updating/maintaining the website which allows me to focus on my ministry work, which was my main reason for picking them.

New Increased Support!

During this time, our support level went up from 51% to 54%! We’re very thankful that we are still making progress and moving closer to the field.

Prayer Requests

- Continued support increase.
- More meetings for early 2021, our schedule is nearly completely open.
- During this time, we learned that one deaf man passed away in Philadelphia, please pray for the Lord to work in their hearts.
